

**AMENDMENTS TO THE DRAWINGS**

Please cancel Figures 3-a to 3-h.

**REMARKS**

Applicants thank the Examiner for the allowance of the application and the indicated allowability of claims 1-19.

**Drawings**

The Examiner again indicated that the foreign characters should be replaced with English characters. In answer to this, Applicants have now canceled the drawings that contain the non-English characters. As indicated in a previous response, these figures are screen shots showing an embodiment of the present invention. The invention is designed to help learn a foreign language. Accordingly, the presence of non-English characters is part of the invention. Replacing these with English characters would remove any meaning for these screen shots. Accordingly, in order to meet the Examiner's requirements, Applicants have canceled these figures and their accompanying description from the Specification. Applicants submit that the application is still allowable since these figures merely gave one concrete example of the screens which are shown in the present invention. The actual operation of the system and the manner in which this is done is still fully described with the remaining figures and description of the specification. Accordingly, Applicants submit that the application is still allowable and fully meets the requirements of 35 U.S.C. § 112.

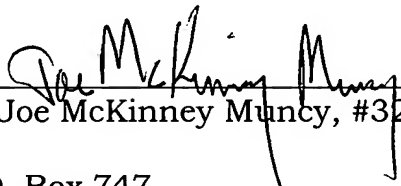

In view of the above, Applicants request that the present Amendment be entered and the application be returned to the issue process.

In the event that any outstanding matters remain in this application, the Examiner is invited to contact the undersigned at (703) 205-8000 in the Washington, D.C. area.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.

Respectfully submitted,

BIRCH, STEWART, KOLASCH & BIRCH, LLP
